CHB NEWS FLASH

CHB – MEDICAL SETUP IN AHMEDABAD, INDIA

We have found a need to once again inform and remind our community members on the medical setup we have in place at Ahmedabad, India.

Lately, we are informed by the CHB Representative in Ahmedabad, Mr. Nassir Dossani that some of our community members contact him directly and some arrive in Ahmedabad without any prior information, causing difficulties in accommodation etc.

We wish to reemphasize a need to use the right channels in order to avoid confusion and complications that may occur due to people not following the laid down system. Some members of our community are contacting Mr. Nassir Dossani directly; again this is causing inconveniences to our CHB Representative in Ahmedabad.

We therefore urge all our community members to contact CHB office in Dar es Salaam for arrangements and obtain Letter of Introduction for the accommodation at the CHB apartments in the Hostel in Ahmedabad, this includes appointments needed with the specialists, hospitals etc. before travelling. Those who do not carry the CHB **"Letter of Introduction"** will not be accommodated at the Hostel as the procedure agreed between CHB and the Hostel Management need to be honoured and adhered to.

We give below some details of the hospitals in Ahmedabad that are recommended by CHB and with whom we work closely.

Parekhs Hospitals

Specialized in Orthopaedics with latest technology –Joint Replacement Surgery using the latest Computer Navigation System for both Hip & Knee Replacement, this department is headed by Dr. Dimple Parekh.

A Gastroenterology Department has been established with fully equipped state-of-the art equipment covering diagnosis and

treatment of disorders of the gastrointestinal tract, liver, pancreas, gallbladder and colon. This department is headed by Dr. Ketu Parekh.

CHB has signed an MoU with Parekhs Hospitals whereby our patients receive special concession on TKR/Hip Replacement surgery and hospitalization charges.

Shalby Hospitals

Shalby Hospitals is among the best hospitals in Ahmedabad, providing world class facilities and offer the entire gamut of medical services to patients world wide. Professional approach coupled with excellent patient centric care has ensured continuous improvement in quality of life of patients. Despite being a multi-specialty health care provider, Shalby Hospitals offers the best medical treatment in Dental Implantology, Cosmetic

Surgery & Cosmetology, Spine Surgeries, Trauma Management, Interventional Radiology, Cardiology, Cardiac Surgery, Cardiac Stem Cell Therapy and many other medical specialties.

Sterling Hospitals

Sterling Hospital, Ahmedabad was founded in 2001 as multistage tertiary care hospital with a bed-capacity of 310 including 94 ICU beds and 8 Operation Theatres, expert medical professionals and the latest technology, the Sterling Hospital, Ahmedabad is the automatic choice for outstanding healthcare in the state capital. With following services being offered to patients:

- Cardiac Sciences
- Neurosciences
- Oncology
- Orthopedics & Trauma
- Organ Transplant
- Urology
- Gastroenterology
- Critical Care
- Minimal Access Surgery/Health Checkup

For more details, enquiry etc. please contact Mr. Shabbir Lalji, CHB Administrator at CHB office in Dar es Salaam.
