1	<b>Aeinullah Eye Clinics</b>	<ul style="list-style-type: none"> <li>• The Health Section of The World Federation endeavours to make all Aeinullah Eye Clinics self financed and where this is not possible, sponsors to support the centre are sought for up to a period of 3 years.</li> <li>• Bangalore: This clinic is self funding and the surplus income is utilised towards eye camps. Urgent renovations are required to the clinic property for which the approximate cost involved is GBP 5,000. The clinic has seen 1,297 patients and 34 cataract surgeries from the beginning of Jan 2010.</li> <li>• Patna: The total number of patients treated from January to August 2010 was 210. 36 cataract surgeries were also performed during this period. A donor contributed towards the running costs for 6 months. Penny accounting of the funds utilised has been sent to the donor (Appendix 1)</li> </ul>	<ul style="list-style-type: none"> <li>• A donor has donated GBP 2,900 towards the renovations in Aeinullah Bangalore and potential donors are being sought to raise the outstanding GBP 2,100 required to complete the renovation works.</li> <li>• Seeking for potential donors to support the Aeinullah Eye Clinic, Patna for the next 3 years.</li> </ul>

1	<b>Aeinullah Eye Clinics</b>	<ul style="list-style-type: none"> <li>• Lucknow: Donation has been received to cover the basic running costs of the centre for 3 years from 2010 to end 2012. From the beginning of the year to date, 3,342 patients have been treated and 8 cataract surgeries have been performed. An additional donation has also been recently received from a donor who has requested for the funds to be specifically utilised towards cataract surgeries of senior citizens of 60+ for which a separate account has been kept. Lucknow Aeinullah Eye Clinic also organises Free Eye Camps during the year in nearby village where no medical facilities are readily available. Regular updates on related activities have been reported on the newswire.</li> <li>• Mianwali, Pakistan: The clinic is self funding and The World Federation does not contribute towards its day to day running expenses save for medical equipment that is required on occasional basis. Bi-annual progress reports are received from the clinic. In the first six months of 2010, 643 patients treated out of which 58 were operated for cataract</li> <li>• The World Federation has received USD 5,000.00 for the Mianwali Aeinullah Eye Clinic from a donor who had requested for the funds to be utilised specifically for cataract surgeries for senior citizens of 60+. An Eye Camp was organised in which 800 patients were screened and given eye treatments and 85 cataract surgeries were performed. Penny accounting has been sent to the donor (Appendix 2).</li> </ul>	<ul style="list-style-type: none"> <li>• The donation received through the donor is a fixed allocated sum per year which is not always sufficient to accommodate the high turnover of patients treated at the clinic. The World Federation has advised Lucknow Aeinullah Eye Clinic to try and get additional funds from local sources.</li> <li>• The Aeinullah Eye Clinic in Mianwali has requested for funds to purchase medical equipments and further details are being sought from them.</li> </ul>

2	<b>Zainabiya Health Centre</b>	<ul style="list-style-type: none"> <li>• The Health Section of The World Federation endeavours to make all Zainabiya Health Centres self financed and where this is not possible, sponsors to support the centre are sought for up to a period of 3 years.</li> <li>• Bangalore: The Centre is self funding and runs from the Aeinullah Eye Clinic building. 33 patients have been treated since the beginning of the year. The number of patients has drastically deteriorated due to the depleted state of the building which will soon improve after the renovations are completed.</li> <li>• Patna: 1,480 have been treated since January 2010. Running expenses of the centre for the current year have been kindly donated by generous donor and regular reports and penny accounting are being sent to the esteemed donor. ( Appendix 3)</li> </ul>	<ul style="list-style-type: none"> <li>• A Health Education Training Programme on the management of neonatal and childhood illnesses as well as preventive measures was arranged in Patna. This program was a good opportunity to provide information focussing on the basic health needs of the villages, addressing issues such as personal healthcare, vaccination, hygiene and illness prevention for which 18 ladies were trained by UNICEF to enable them to visit villages and raise awareness amongst the community members.</li> </ul>

2	<b>Zainabiya Health Centre</b>	<ul style="list-style-type: none"> <li>• Lucknow: Donation has been received to cover the basic running costs of the centre for three years. From the beginning of the year to date, 234 patients have been treated.</li> <li>• Zainabiya Health Centre in Lucknow is not a primary care centre but a referral centre. The primary care is provided under the name of Zainabiya Polyclinic. Therefore the cost of this centre is very high as it deals only with specialist cases that may need surgery or other specialist input.</li> <li>• The cost of the treatment in this centre is not fixed and varies from case to case.</li> <li>• Pottenahali: The centre has treated 1,679 patients since January 2010.</li> <li>• The main purpose of the inception of this centre was to facilitate Health checks and treatments of ZCSS students studying in Zainabiya National School and their parents. Medical examinations are conducted every six months which is very beneficial for the children's wellbeing. 384 students have been examined to date.</li> </ul>	<ul style="list-style-type: none"> <li>• This centre sees a steady number of patients on a monthly basis. The income generated through the patients, is very negligible.</li> <li>• A set budget has been set towards running expenses of this centre which is funded through The World Federation at present.</li> <li>• A potential donor is being sought to sponsor the centre towards running expenses.</li> </ul>

3	<b>Zainabiya Polyclinic</b>	<ul style="list-style-type: none"> <li>• Lucknow: The Zainabiya Polyclinic opened in June 2009. The centre started as a specialist centre where patient were able to see consultants. The patients were then given prescription for them to buy medicine from local pharmacy. We were hoping that this clinic would have become self funding within a year; however the clinic did not get a very good response from the locals as they were getting cheap healthcare together with medication from high street so called health practitioners who gave them consultation with medication for INR 5.00. In consultation with the donor and to stop our community members being treated by the street Quacks, it was decided to change the way of working of Zainabiya Polyclinic</li> <li>• Since then the Polyclinic introduced a flat rate of INR 5 for consultation and medication, a tremendous rise of patients has been noticed. In the beginning of the year the centre was treating 250 patients and by mid year it treated 2,498 patients. In the month of October about 3300 were seen at the polyclinic</li> <li>• This project has been funded by a generous donor and continuous support is being received towards the running expenses of the Polyclinic. (Appendix 4)</li> </ul>	<ul style="list-style-type: none"> <li>• The marginal income that is being generated though the patients is being utilised towards free medical camps in nearby villages organised every so often.</li> <li>• This project was expected to be a self sufficient project within 3 years of its inauguration. However this will not be the case as it only generates a negligible income through its patients.</li> <li>• Continuous support has been pledged from the esteemed donor.</li> </ul>

4	<b>Hajj Medical Mission</b>	<ul style="list-style-type: none"> <li>Imamia Medics International (IMI) Hajj Medical Mission attended to 15,366 patients during Hajj 2009/1430. The World Federation provided telephone contacts of doctors available during Hajj well before groups from the community started to depart. Satellite clinics were established all around Makkah and Medina. A 24 hour helpline telephone number was also provided to all group leaders from our community.</li> </ul>	<ul style="list-style-type: none"> <li>A Report was prepared highlighting the Hajj Medical Mission's tasks during the Hajj season which also provided sponsorship details for people who wished to sponsor a doctor and buying medications for the Hujjaj, or performing tawaaf/Majlis/Umraah on behalf of their Marhumeens</li> <li>A mail shot was sent to all Health Donors to enlighten them of the published rates for performing tawaaf/Majlis/Umraah on behalf of their Marhumeens</li> <li>The mail shot did not receive a very favourable response and alternative means to advertise the project will be sought for the coming year.</li> </ul>
5	<b>Autistic Day Care Centre</b>	<ul style="list-style-type: none"> <li>The Autistic Centre is running well and provides very good service to the autistic children of Dar es Salaam. It is earning a lot of esteem for the World Federation and has more potential.</li> <li>The centre has 26 children at present who are attending the Autistic Centre.</li> <li>The Centre organises field trips for the children at regular interval. Recent field trips were to the zoo and to a water park.</li> </ul>	<ul style="list-style-type: none"> <li>The Autistic Centre needs to be relocated as the landlord wants to increase the rent every so often. The current rent is 30,000 US Dollars per year. The Health Section is endeavouring to purchase a property for the Autistic Centre with adequate space to expand the centre's services and enable a larger number of students to attend the school.</li> <li>The Communications section of The World Federation is working to launch a new website where health will be incorporated under relief.</li> <li>Health and NGO are endeavouring to acquire external funding for the Autistic Centre by applying to external foundation.</li> </ul>

6	<b>Thalassaemia Test done by CHB in Dar es Salaam</b>	<ul style="list-style-type: none"> <li>• The Thalassaemia screening in Africa had to be stopped because of technical problem. About 600 members were tested. All of them have been informed to ignore the test results</li> </ul>	<ul style="list-style-type: none"> <li>• We are hoping that Central Health Board of Africa will be able to resume the screening programme in the near future</li> </ul>
7	<b>Teachers Training for Child Development</b>	<ul style="list-style-type: none"> <li>• Pakistan: Dr Sajida Hassan (Child Psychologist) is looking into conducting a Teachers Training Programme on child development in primary schools of Pakistan. This would enable teachers to recognise mental health as well as emotional and behavioural problems in children. It would also equip teachers with skills needed to refer children with more serious psychiatric disorders to specialist services, thus minimising the utilisation of sparse resources.</li> <li>• Health &amp; NGO made an application towards a UK funding opportunity which unfortunately ran out of funds. Further opportunities are being explored.</li> </ul>	<ul style="list-style-type: none"> <li>• This project will have to be funded through internal resources/donors and through The World Federation.</li> </ul>
