Pakistan Flood Relief 2011: August 2011 floods bring more devastation in Sindh Province

Throughout August 2011, heavy monsoon rains caused widespread damage in Pakistan, primarily in the southern province of Sindh. Flood waters submerged houses, destroyed crops and forced families out of their homes and off their land. More than 700 villages were isolated and residents trapped after roads were washed away. Roofs of houses collapsed, resulting in injuries and deaths.
