

Generation Plan

The world federation has been in existence for 36 years and it was in 2003 when the organization launched the first ever Strategic plan for our community. Time has now come that as a community we need to ensure that a generation plan is created for community to ensure that as the global strategic organization we prepare and plan for the next generation.

The fourth Executive Council session in Antananrivo hereby RESOLVE that:

It is HEREBY RESOLVED that the Secretariat has the full support, commitment and cooperation from the Members in delivering the Generation Plan. In addition, they commit to provide resources to the Generation Plan to ensure the collection of data from their respective regions. This will enable the worldwide collection of census data under the Generation Plan.

The Generation Plan will be an item of Agenda at the next Triennial Conference.
