Ramadhan Relief 1432

“There are many families who shed tears of happiness. They were waiting for the funds; even inquiring about them before the start of Ramadhan. Although the food inflation in Bangladesh is one of the highest at 20%, it meant a lot to these poor families. Specifically, a widow expressed immense gratitude on receiving the aid. Her son has abandoned her due to high costs of living. She takes shelter from her niece. It was clearly a moment of joy in her gloomy life.”
